

A group of families is organizing for a **Mutual Child Care** for children aged 2-4, in this area

What is a mutual child care?

Five (\pm) families arranging to take care of each other's children in turns: every day the child care is taking place at another family's home.

Why a mutual child care is good for you and your child?

A small group of up to 8 children, each child being a unique individual.
Homelikeness. The child care is taking place within a home as a part of a family.

Diet. Only home-made fresh healthy food. Dietary consultation for constructing a balanced diet.

Education. The educational approach is not only decided by the parents, but is implemented by them as well.

Price. It is considerably cheaper than a regular kindergarten.

Variety and pluralism. The children are exposed to different families, adult figures and ways of life. Our child care is multilingual.

Involvement. Get to know your child's world better.

Mutuality. Every parent is responsible for the others' dearest treasures.
